Baseball News.

The game Friday between the Fats and Leans was one of the most interesting games of the season. With a few exceptions all of the players were "raw material" and this caused the more amusement for the large crowd of spectators. The score resulted 8 to 6 in favor of the Leans.

A game had been scheduled for Saturday afternoon with Hartford vs. Hickory. Late Thursday afternoon the game was called off by the Hickory team. Since that time a game has been arranged with Beaver Dam. It has not been decided by the managers of the two teams where the game will be played but it is thought it will be played at Hartford.

Col. Barnett was umpire for the game between the Fats and Leans Friday. He had a hard time of it, for both teams were never satisfied with his decisions.

Joe Miller did valuable service for the Leans last Friday. He not only played center field to a perfection but materially assisted the umpire in making decisions. Owen Hunter also tried this "stunt" but couldn't have much "luck" and tried to get Joe ruled out of the game.

The second team of Beaver Dam played the second team of Hartford here Saturday afternoon. The game was one-sided from the beginning and ended with a score of 27 to 11 in favor of Beaver Dam.

When it comes to pitching, Peters of Beaver Dam is the man. He played with his home team Saturday and defeated Hartford, and then pitched for the first team of Hartford and defeated NoCreek.

The Olds will play the New's this afternoon. A game equal in fun and playing to the Fats vs. the Leans last Friday afternoon is expected. The line-up of the two teams is as follows:—The Olds:—C. O. Hunter p; O. Owen 3b; B. Carpenter of; F. Robertson ss; A. J. Barnett p; and 1b; Dr. Bell c and manager; W. Wakeland 2b; J. C. Lee lf; Guy Forester rf; E. Thomas, R. D. Walker and R. R. Riley substitutes. The New's:—J. T. Moore 3b; James Lyons c, E. M. Woodward cf; H. S. Sanders 1b; E. G. Barrass ss and manager; Fred Cooper 2b and p; C. E. Smith rf and p; John Daniel cf and p; A. C. Yeiser, lf.

The game of NoCreek vs. Hartford Saturday was hotly contested and the first four innings looked as if Hartford would win out. The NoCreek boys got down to better team work and gradually crawled up on the Hartford boys until the end of the ninth inning when the score stood 8 to 3. It was then necessary to play another inning and NoCreek went to bat. When NoCreek had made two outs in the tenth inning and the man at the bat made two strikes the umpire called a certain ball a foul. The visitors denied that this was a foul and refused to play any more, thus by the rules forfeiting the game to Hartford, which would make the game 8 to 0 in favor of Hartford. The Hartford boys were anxious to get the matter straightened out, but to no avail were their efforts. The following are some of the details of the game: Struck out by Peters 13; by Renner 11. Bases on balls—Off Peters 1, off

Renner 1. Left on bases—Hartford 5. NoCreek 10. Two base hits—Peters for Hartford and S. Chamberlain for NoCreek. Three base hits—H. King for Hartford. Time two hours. Umpire—Prof. W. R. Hedrick.

Dr. H. S. Sanders for the Leans and Mr. R. R. Riley for the Fats were star first basemen in the game last Friday. Sanders would often catch the ball with his bare hand and put his man out.

Theodore Richardson, of Barrett's Ferry, pitched a few innings for the Leans Saturday. He is deaf and dumb and has a remarkable understanding of baseball. He was one of the players at least that could not be rattled by rooters for the Fats.

It is hard to find a better or more conscientious umpire than Prof. W. R. Hedrick. This is a position that is exceedingly hard to fill and many people who could act in this capacity refuse to do so, because they can not please everyone.

Members of Company "H." Qualify.

In a recent report to the Adjutant General made by Col. Moffat, acting inspector "Small Arms Practice," Co., "H." has a splendid record as compared with the other organizations of the Guard who took the "Target Shoot" last year. In this report the company holds fourth place in the number of qualified workmen etc., turned out, occupying first place in the 3rd Reg., and being beaten only by three companies from the Kentucky Mountain regions; whose members as a matter of fact, are expected to shoot well. The company was greatly handicapped during the shoot last year as the excessive rainy weather kept the range in bad condition and also a number of the best shots in the Company were away at the time, doing active service in the "black patch." Twelve of the members qualified and each of the will shortly be given a medal showing their qualifications.

Those qualifying were: Capt. DeWesse expert Rifleman, who was also a member of the Rifle Team which represented Kentucky in the National Shoot at Camp Perry, Ohio last year. The following who qualified as marksmen: Sergt. C. B. Shown, Sergt. Wm. C. Liles, Corp. Ben H. Bennett, private Ira Allen, private Ivan Allen, private Ben Ben Blair, Private Joe Chapman, Private W. D. Gray, Private Jesse Hoagland, Private Marvin Warner, Private Harlan Wigginton.

The order providing for the shoot which was to have been at Hartford has been revoked and three out of the ten days encampment to be held at Orell, Ky., during the last of July will be used in target shooting exclusively. However, it is the intention to construct a range near Hartford, and expend the ammunition allotted to the company, between now and the encampment, so as to train the members to do better shooting at Orell.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J.
